

MONKEY HOLLOW WINERY

Destination Drive, approximately 80 miles round trip.

This drive can be a continuation on the St. Meinrad Archabbey drive. It is only a short distance south of the Archabbey.

Monkey Hollow Winery is a family owned and operated winery nestled in the rolling hills of Southern Indiana. They invite you to come visit their tasting room where you can enjoy a complimentary tasting of their award-winning wines and browse their selection of locally made arts and crafts. There is no better place to enjoy a beautiful afternoon than in the shade on their porch, drinking a glass of wine, and taking in the view of their vineyard!

The Vineyard

They planted their first 300 grape vines in the Fall of 2003. They have continued to expand their vineyard and now have approximately 6 acres of grapes, featuring ten varieties of French, American, and French Hybrid grapes.

Our Wines

They have a well-rounded wine list that includes dry, semi-sweet and sweet wines. They strive to craft wines for all to enjoy and many of their wines are made in small batches from their estate grown grapes, which allows them to experiment with new and exciting wines. Although they cannot guarantee the availability of a particular wine throughout the year, they are confident that we will always find something to enjoy!
