

# James Dean Indiana Cemetery Challenge

**The Cemeteries:** In honor of James Dean, the iconic actor and Porsche race car driver who is buried in his hometown cemetery in Fairmount, Indiana, we have provided you photographs of nine cemeteries which you will see along the route. These cemeteries will be visible from your car, but may not be on the route proper. They can be found on either side of the route, and there are no “look backs”. They are NOT in order. Each photo is only seen once. The viewpoint of each photo is either from interior of a car or standing next to a car alongside the road, and some photos may be somewhat enlarged for clarity. Your task is to find these cemeteries and record them in the order you see them on the route. Do NOT stop your car to find details, just observe the location, keep driving and note each one on your route instructions for later use. It is NOT SAFE to stop on narrow roads or roads with no shoulder on this rally. Please stay safe!

Each answer placed in the correct spot on the Score Sheet is worth a half point, for a total of 4.5 points. Each cemetery that is out of order will lose a half a point, thus, if two cemeteries are switched in the order, each loses a half point and the total score will be 3.5 points. Transfer your final answers to the Score Sheet.

**Page 2 – Cemeteries Continued...**

Remember: Do NOT stop your car to find the details, just observe the location, keep driving and note each one on your route instructions for later use.

**Please drive safely and stay aware of other cars and your surroundings! Enjoy!**
