

Destination Drive to Yuengling Brewery:

<https://www.yuengling.com/visit-us/>

Destination Drive to Yuengling Brewery: For those who were either not able to get registered for one of the Yuengling Brewery tours or the tour schedule did not fit into your overall Parade event timing, you can still visit the brewery on your own as time permits. Yuengling Brewery is the oldest brewery in the United States. Many beer drinkers are undoubtedly familiar with Yuengling beer and it is located less than 90 minutes from the Kalahari Resort. They offer public tours every day starting at 10:30 and then every hour starting at 11 AM through 3 PM. Tasting of two different beers will be offered at the end of the tour. Additional samples are only \$1. Best of all, the public tours are FREE.

Important note: These tours require climbing stairs and walking up a hill from the parking area up to the gift shop starting point so it is not suitable for handicapped people. Also, the tours require everyone to wear fully closed shoes, meaning no open toe OR open heeled shoes, BUT you can buy a pair of closed toe and heel shoes for \$7 in the gift shop (think Keds) and keep them afterwards! They have limited kid's sizes as well. Otherwise, you will not be able to go on the tour although you can still visit the gift shop.
